CMX20
COIN COUNTER

CMX20 High Speed Mix Coin Counter

Probably the fastest way to count mixed coins.

The contactless and wear-free cashMAX® detection system measures 3 parameters of the coin in order to recognise the denomination or to reject it in case of a suspect coin.

CMX20 Highlights

Robust rubber keys are designed for 24/7 operations. The processes are optimised for operational efficiency where every second counts.

The belt driven feeding system makes sure that up to 6,000 coins are transported to the counting mechanism without manual intervention.

CMX20 Specifications

Memory	Count, Total and Bag contents Individual for 8 cashiers
Hopper Capacity: Standard Euro-mix Maximum (cent/dimes)	3,500 coins 6,000 coins
Maximum speed coins/minute	2,300
Communication	RS232, printer, external display
Approvals	CE, RoHS, Tested according to European Directive No. 1210/2010
Dimensions (mm)	(H) 465 x (D) 360 x (W) 480
Weight	45 Kg
