

CMX30 COIN SORTER

CMX30 Heavy Duty Coin Sorter

Counts, detects and sorts!

The contactless and wear-free cashMAX® detection system measures 3 parameters of the coin in order to recognise the denomination or to reject it in case of a suspect coin.

CMX30 Highlights

Robust rubber keys are designed for 24/7 operations. The processes are optimised for operational efficiency where every second counts.

The hopper can feed the machine with up to 3,000 mixed coins (standard Euro mix) and feed the unit without manual intervention. This means up to 5 minutes of time for you to take care of other tasks.

Options:

- External display
- External printer
