

Introduces the **NC-8500**
3 POCKET FITNESS SORTER

3-Pocket Fitness Sorter

The NC-8500, the latest and most advanced model from Masterwork is the fastest fitness sorter in its group. Featuring enhanced and reliable authentication and fitness capabilities.

Built with wide range counterfeit detection, the NC-8500 stops counterfeits by using the most advanced counterfeit detection technology in the industry.

Its 3 pocket design assists the user to process banknotes in the shortest time. With easy mode switching and a fully customisable detection suite, the NC-8500 is able to fulfil the most demanding workloads in a busy cash centre with high speed and accuracy.

Bachus

BACHUS.CO.UK

Supporting most of the currencies worldwide, and various possibilities for connectivity, satisfying the growing demand for more efficient cash management.

Easy access and user friendly operation make the NC-8500 the ideal system for the busiest high volume cash processing centres.
